

Bubble Painting

Activity:

Make a beautiful painting with colored bubbles.

Supplies:

- homemade or store-bought bubble solution
- bubble wand
- food coloring
- white paper
- something to cover the table/counter to protect it from the food coloring, or find a fun place outside to make your painting

Instructions:

1. Divide the bubble solution into 4 different containers
2. Add a different color of food coloring to each container
3. Cover a table or counter with newspaper/tablecloth/wax paper, etc.
4. Place the bubble wand into one of the colors of bubble solution
5. Blow bubbles onto the white paper
6. Repeat placing the bubble wand into a different color bubble solution and blowing bubbles onto the paper until all the 4 colors are used.
7. Observe the patterns and colors on your new painting!
8. Talk about the different colors you see and if different colors mixed to create new colors. (red and blue make purple; yellow and blue make green; yellow and red make orange). What shapes do you see? What colors do you see?
